The question "can a person live on air" has been argued for many years. Men in cities have lived for months on "wind pudding" that is walking around a block or two with the mouth open and then inhaling the air that comes from a restaurant kitchen. But these men have, after a time, been missed from their accustomed haunts and it is believed they die.

It is, he says, "an unfailing as fate and conquers in every instance, even in smallpox though the pittings are filling."

A Topeka dispatch in Thursday's Kansas City Journal says: "Gen. W. Wheatley of Galena, is here trying to get a bill through making Cherokee county one judicial district and dividing the terms of court between Galena, Baxter, and Columbus. If he doesn't get that bill through, then he will favor the establishment of a common pleas court. But he will not likely fall down on the first proposition. Billy Sapp wants the old common pleas court law given legislative force. That will give his brother Ed a job as judge."

BIGGEST EVER HEARD OF.

Beaumont, Texas, January 15.—Since the phenomenal strike of oil people have been rushing in by thousands and every incoming train is crowded with the passengers anxious to see the gushes which is spouting oil at a rate never heard of in the palmiest days of the Pennsylvania excitement. The town is full of strangers and storekeepers and hotel people are reaping a rich harvest.

It seems to be the impression that a lake of oil has been opened up, the extent of which can only be guessed at.

The amount of oil that is going to waste is enormous. The well has been flowing three days and it is estimated 60,000 barrels of oil are on the prairie. Numerous syndicates have been formed for developing the new oil fields.

FIRE IN EMPIRE.

Tuesday morning early Empire City had quite a fire, a building belonging to Murray & Hickman, Bramble's barber shop and Clay-borne's residence being destroyed. Dr. C. F. Hickman lived up stairs in one of the buildings. He is city treasurer of Empire City and all his books were burned. This will cause him considerable trouble in straightening out city affairs.

The burned buildings and their contents were valued at \$5,000.

Beat out of an Increase of His Pension. A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I am reminded that as a soldier in Mexico in '47 and '48, I contracted Mexican diarrhoea and this remedy has kept me from getting an increase in my pension for on every renewal a dose of it restores me."

It is unequalled as a quick cure for diarrhoea and is pleasant and safe to take. For sale by A. R. Kane.

BRICK LIVERY BARN.

Julius Bischofsberger will soon begin the erection of a brick livery barn on the site of the one burned in the fall. The material is already arriving on the ground. Work will be pushed as rapidly as the elements will permit. The building will materially aid the appearance of things on North Military street.

The Mother's Favorite.

Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult for sale by A. R. Kane.

Recently an Ohio man who owns a considerable body of land in Coffey county wrote to a real estate firm at Burlington, so the Republican says, declining an offer of \$18 an acre for a section of unimproved land. Following extract from his letter will be of interest to Kansans generally: I have thought and still think it cheap at \$20 per acre, and that it will double in value inside of ten years. If our people only knew how low taxes are in your state they would sell out here and move there and buy as fast as railroad trains could carry them. Your markets at Kansas City are a cent a pound better for cattle and a half a cent for hogs than Cincinnati or Pittsburgh. Our taxes are six times as much as yours on the same quality of land, and our farmers are not making a living. I am talking of farming—not gardening on ten-acre patches. Hurrah for Kansas!

Col. L. C. Weldy of Galena attended a meeting of the directors of the Inter-State Reunion Association here Thursday.

The fragile babe and the growing child are strengthened by White's Cream Vermifuge. It destroys worms, gets digestion at work, and so rebuilds the body. Price 25 cts. A. R. Kane.
